

Workshop Cycle Mechanic

Salary and Benefits

Salary competitive with additional reward based on experience.

28 days holiday a year inclusive of bank holidays based on a 5 day working week.

Optional enrolment into employer contribution pension scheme.

Cycle to work scheme.

Staff discount (calculated at trade cost + vat).

Additional training can be provided for a successful candidate willing to pursue further development of their professional skills and qualifications through in store experience and industry recognised qualifications.

General Description

We need someone who is friendly, creative, self-motivated and who enjoys working as part of a team.

This is a workshop focused role in which you will service a wide variety of customer bicycles within our professional workshop across a broad range of genres from kids bikes to top end performance and electric bikes. You'll also be preparing new bicycles to a high standard in fulfilling the PDI (pre delivery inspection) service ready for either customer collection in store or repacking in preparation for dispatch.

Customer communication is an important part of the role in store as well as providing the same approachable service to remote customers via phone and email.

The aim is to always give the highest standard of service with a friendly approach.

Skill Requirements

Cytec Technical Two or similar recognised service qualification.

A friendly, open and helpful manner when dealing with the public.

An interest in outdoor pursuits with supporting knowledge of bicycles and cycling being favourable.

The ability to work flexibly and as part of a team to fulfil daily routine tasks.

A proactive and self-motivating outlook.

An organised methodical approach in time management and daily duties.

Pride in fulfilling tasks to a consistently high standard.

Working Schedule

40 hours over a 5 day week, including Saturdays and Bank Holidays

9am to 6 pm (1 hour lunch)

To apply send a c.v. and covering letter to info@avonvalleycyclery.co.uk
